

TRANSREC

AUSTRALIA-WIDE FLEET TECHNOLOGY

A clearer view of your fleet.

GPS tracking, connected cameras and fleet tools built around the way you operate.

VEHICLES / ASSETS / PEOPLE / OPERATIONS

One connected partner for everyday fleet decisions

Transrec helps Australian businesses connect location, camera footage and fleet operations through practical technology and support.

01 / GPS & ASSETS

Know where work is happening

Live vehicle and asset location, trip history, geofencing and useful operational alerts.

02 / CONNECTED CAMERAS

See the moments that matter

Dual and multi-camera systems, live video options and recorded footage for fleet visibility.

03 / FLEET OPERATIONS

Keep the daily work moving

Digital pre-starts, driver training, maintenance history and practical compliance tools.
